EDUCATION

L.J. Institute of Engineering and Technology Expected May 2026

Bachelor in Artificial Intelligence & Machine Learning | CGPA: 8.01/10

PROFESSIONAL EXPERIENCE

TechnoAdviser Technologies Limited *Nov 2024 – Present*

Python Developer (Full Stack)

- Developed backend modules using Django, DRF, and MySQL for live ERP and CRM systems
- Built and maintained REST APIs with secure JWT authentication and smooth React.js frontend integration
- Automated web data extraction pipelines using Python, Selenium, and BeautifulSoup
- Redesigned company website (technoadviser.com) with modern UI and built the admin panel

PROJECTS

FlyOCI – OCI, Indian e-Visa & Passport Services Platform (Live: flyoci.com)

Tech: Next.js, React.js, Tailwind CSS, Django, DRF, MySQL

- Built a full-stack platform for UK/US Indian residents to apply for OCI, e-Visa, and passport services
- Developed an internal CRM with Kanban pipeline, SLA tracking, case management, and staff/team management modules
- Implemented payment monitoring, document audit flow, and automated WhatsApp/email notifications
- Delivered end-to-end solution: public-facing service portal + admin backend in a live production environment

ReserveBites – Restaurant Ordering & Management App (Live: reservebites.vercel.app)

Tech: React.js, Node.js, Django, DRF, MySQL | Status: In Progress

- Building a multi-panel restaurant platform covering delivery, dine-out, drive-through, and pickup ordering
- Developing separate panels for restaurant admin, kitchen display system (KDS), and point-of-sale (POS)
- Implementing real-time order management, table reservations, and customer-facing ordering interface

Flux – Semi ERP System (Live: flux-india.co.in)

Tech: Django, DRF, React.js, MySQL

- Contributed to user, warehouse, and stock management modules in a live production ERP environment
- Built and integrated REST APIs supporting secure authentication and real-time inventory operations

SKILLS

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap, JavaScript
Backend: Django, DRF, Node.js, REST APIs, JWT Auth
Database & Tools: MySQL, FAISS, Git, Selenium, BeautifulSoup
AI/ML: Python, NumPy, Pandas, Scikit-learn, Matplotlib, LangChain, RAG, HuggingFace, MediaPipe, OpenCV

CERTIFICATIONS

- AWS Cloud Technical Essentials (Verify)
- Exploratory Data Analysis for Machine Learning (Verify)
- Machine Learning with Python (Verify)
- Building Generative AI-Powered Applications with Python (Verify)
